

Middle School Math and Science Teacher

Job Description

Overview

This position is responsible for daily instruction in math and science to middle school students. This includes using a designated curriculum to planning and implementing meaningful learning experiences that include an emphasis on collaboration, communication, problem solving, critical thinking, and relationship building.

Qualifications

- Highly qualified teachers will have a master's degree in the subject or a related field and will be state certified in the subject area instruction. Qualified teachers may have lesser degrees.
- Three years of middle school teaching experience.
- Knowledgeable about current educational practices and methods.
- Excellent verbal and written communication skills and organizational skills.

Duties

- Plan, prepare and deliver lesson plans and instructional materials that facilitate active learning of all students.
- Encourage and monitor the progress of individual students and use information to adjust teaching strategies.
- Schedule and conduct conferences with students, parents, and colleagues to provide information on student progress and student needs.
- Integrate technology into the curriculum.
- Participate actively in the work of the department and the school on curriculum development and the improvement of student achievement.
- Participate actively in the work of the grade level and across grade levels to coordinate curricular and extracurricular offerings.
- Participate in appropriate professional activities.
- Maintain discipline in accordance with the rules and disciplinary systems of the school.
- Attend school functions such as athletic events, class plays, fundraisers, awards ceremonies, commencement, and fundraisers.
- Work to advance the position of the school in the community.
- Prepare complete lessons plans for substitute teachers.
- Perform additional daily duties that may or may not directly relate to the subject area or licensure field.

Other Information

- 10-month, full-time position, August - June
- Salary is determined based on the classroom teacher salary schedule
